1.	Technical labour/Services	Labour executed for client (Support or otherwise time spent on technical Deliverables) <u>(Discount Given)</u> <u>-On the laptop for Carina</u> - Onedrive sync issues was resolved and found that harddrive space was overly used, Did a scan and found old user profiles on other than current user cleaned up about adiddional 40 GB of space and checked sync. - Onedrive sync and backups are now working also checked and fixed archived mails and now 2024 is working and syncing as required. - The fixing of onedrive had some additional time spent on it as the manual file comparison and checks needed done to not loose any data and not resync everything to fill the drive again. - Set only relevant sync and backups up as required for devices by security standard (Documents and work data)	2.5	R 450.00	R 1125.00 -R 125.00

		<u>-On the laptop for Janine</u> • Found audio driver is issue and keep breaking (Repeated system failure) • Did a analysis and found that the driver for the audio is non compatible with current system used (HP vs Dell for example) • Created and ran powershell script to remove incorrect drivers and devices and then ran another new script to search and look for new devices and compatible drivers • Also did full check to make sure onedrive sync is working and that enough relevant space is free on drive as to which this was confirmed as healthy • User restarted and no issues so far has been reported.			
2.	Travel/Transport Fee	Travel to Carina Client but not Janine as Janine was done remotely	1	R 250.00	R 250.00
